The Government of The United States of America hereby re-introduces the existence of the States of the Union!

August 9, 2016 [INTERNATIONAL-PUBLIC-LEGAL NOTICES](#), [Public Notices](#)

Published on 08-09-2016 by THE REIGN OF THE HEAVENS SOCIETY POST

INTERNATIONAL PUBLIC NOTICE

On June 30, 1864, the following definition was introduced into the record of the District of Columbia:

Word "state" to include "territories," and District of Columbia.

Sec. 182. *And be it further enacted*, That wherever the word state is used in this act, it shall be construed to include the territories and the District of Columbia, where such construction is necessary to carry out the provisions of this act.

APPROVED, June 30, 1864.

Quote: And be it further enacted, That wherever the word state is used in this act, it shall be construed to include the territories and the District of Columbia, where such construction is necessary to carry out the provisions of this act. Approved, June 30, 1864. end quote.

For everyone's information, that was when the definition of a state was altered. When the definition of a state was altered, the definition alteration was intended to obliterated the existence of the States of the Union. Some may argue that the definition was compartmentalized to that particular act, however that same definition has been the standard operating procedure for the District of Columbia since June 30, 1864 to present time.

The city-state that committed said act was the city of Washington D.C. The city of Washington D.C. committed this act in the name of the District of Columbia.

Since June 30, 1864, every document signed under the altered definition of a state is notwithstanding due to the fact that the District of Columbia was never defined as a State of the Union. Further, any and all agreements signed after June 30, 1864 do not legally exist under the Law of Nations.

Either version of history and no matter what is believed since the Declaration of Independence, the altered definition of a state above would be considered, whether in the past present or future, repugnant to the Law of Nations.

The Government of The United States of America (Government) has attempted 4 times to receive full recognition from the Universal Postal Union (UPU) thereby allowing the Government to correct the legal problems of the existence of the UPU. The Government showed the purported leaders of the UPU the errors within the General Postal Union Treaty signed in 1874. The UPU has had almost three years to wake up and realize that it does not legally exist. Even though other countries signed the General Post Union Treaty, one of the signatories was a fraud and therefore dis-honored the whole agreement. Dis-honor cannot exist within Commerce. Any act of dis-honor within Commerce is no act at all. Since the UPU does not legally exist, than the United Nations does not legally exist. Since the purported leaders of the UPU did not listen to the Government, the UPU has rendered itself null and void as having any legal existence altogether. The General Post Union Treaty never happened and therefore the Universal Postal Union never happened because all agreements were signed under an altered definition that was not authorized by the States of the Union.

The Government of The United States of America has managed to preserve the original Union and the States of the Union. It has also managed to hold on to the General Post Office of 1775.

It will be up to the States of the Union to decide the existence of the city of Washington D.C. meaning that its dishonor of treason against The United States of America has yet to be determined as to its continued existence is serving the best interest of the States of the Union or not.

It is noticed, by the Government of The United States of America, that it is its honor and privilege to hereby re-introduce, under the authority of the Law of Nations, the existence of the States of the Union, to the world; and may its existence be prosperous and peaceful. May the States of the Union shine as the light of real freedom for all to see and witness, that it may have been covered in darkness for a time, yet its light of freedom shall never be extinguished by those that derive their power from fear and treachery.

The States of the Union may for a time exist under the Articles of Confederation, as amended August 5th, 2015. However, the Government of The United States of America, under the authority of the Law of Nations, shall issue this order that a constitutional convention is hereby ordered to convene, for the people to determine their own destiny.

General Information for the General Public:

The New World Order null and voided itself and its own existence. Therefore, anyone with good reasoning skills can determine that the end times are not here yet. It is time for the people to assemble and re-build their structure, otherwise the Government of The United States of America is here until the self determination is made.

So declared, ordered and introduced by the Government of The United States of America, under the authority of the Law of Nations, on the 143rd day in the year of Yahweh, 6018, translation, 08-09-2016.

office of the Governor for the Government of The United States of America,

John Harold Tulke
