International Public Notice

Introduction

The Government of The United States of America hereby introduces Stuart Andrews Ronaldson as the new Governor for the Government of The United States of America.

Message as follows:

The violence that has been occurring since the company election is hereby ordered to cease and desist.

Article 2 of the Universal Declaration of Human Rights:

Everyone is entitled to all the rights and freedoms set forth in this Declaration, without distinction of any kind, such as race, colour, sex, language, religion, political or other opinion, national or social origin, property, birth or other status. Furthermore, no distinction shall be made on the basis of the political, jurisdictional or international status of the country or territory to which a person belongs, whether it be independent, trust, non-self-governing or under any other limitation of sovereignty.

Whomever is threatening anyone else over an election including but not limited to the people in the Hollywood network are in blatant violation of human rights as written within the Universal Declaration of Human Rights.

Inciting is a serious crime that was a part of the war crimes charged against the Nazis in Nazi Germany. Inciting would include statements that are threatening to kill another or attempting to incite the people to anarchy.

It is very disappointing that the States are not doing anything to stop the violence nor is the Barack Hussein Obama. This may mean that the people not saying anything to stop the violence are attempting to cause a condition wherein UN troops are needed to stop the violence. A condition of lack of performing ones duties to maintain the peace is an act of inciting. The United Nations is to cease and desist all political plans to abolish National Government within the metes and bounds of The United States of America.
