OPEN LETTER OF SUPPORT For the People and Government of Catalonia

It has recently come to the attention of this office that Catalonia, an autonomous province, seeks its sovereign independence and, to that end, held a referendum on independence yesterday. Sadly, there are reports of violent acts against the people of Catalonia, in an attempt to suppress Catalonians from their right to self-determination.

Catalonians, with their own government, have, in accordance with the Law of Nations, the right to determine their future. Indeed, during 2014, the people of Catalonia approved a referendum, by over eighty percent (80%) of the votes cast, to establish an independent republic. The people of Catalonia have spoken. The corporate body of the European Union as well as that of Spain, possess no legal authority to oppose or obstruct.

The Law of Nations speaks clearly:

“But the body of the nation, the state, remains absolutely free and independent with respect to all other men, all other nations. . .”

And further,

“Nations being free and independent of each other, in the same manner as men are naturally free and independent. . . each nation should be left in the peaceable enjoyment of that liberty which she inherits from nature.”

The Government of The United States of America condemns the violent acts and the political interference initiated by the fascist corporate bodies of the European Union and Spain.

It is clear that global corporatism is a scourge upon the human family. It is time to end the private-banking exploitation of the people and the people’s resources. It is time for the human family, not profits, to be placed at the top of the list of priorities.

There is no place in the future of humanity for organized political violence, orchestrated shortages and endless false claims. It is time for fascist organizations to be identified and re-organized for the benefit of the people or dissolved. It is time for all persons to adhere to the Universal Declaration of Human Rights and all nations to conduct themselves in harmony with the Law of Nations.

The Government of The United States of America voices its support for the Catalonia people and all people and States that desire self-determination. This Government invites representatives of the Catalonian government, when the time is right, to open diplomatic dialogue at: secretaryofstate@theunitedstatesofamerica1781.com
